

We call on you to work in a bipartisan manner and without delay to complete work on the FY 2021 spending bills and provide emergency research relief funding so that we can not only move beyond COVID-19, but also continue to lead the world in science and innovation and improve the health, security and economic strength of our nation. Our organizations and our members stand ready to work with you toward this goal. Thank you for considering our request.

Sincerely,

AABB
